

Adopted Aug 26, 1980

Resolution 80 – 27 Street Surface Damage Deposit

- Whereas; Damage to surfaced streets has occurred during building construction within the City of Pine Springs, and
- Whereas; It is the desire of the Pine Springs Council to have those responsible for such damage pay for the cost of the damage and
- Whereas; A deposit in the form of a cashier's check, certified check, or a surety bond payable to the Treasurer of the City of Pine Springs would allow the City to restore or replace the street to its original or a satisfactory condition should any damage result during the construction period.

Therefore be it resolved:

That each new building project require an access driveway permit, and

That; A deposit of \$2,000 be required with each application for an access driveway permit to insure compliance with the requirements and regulations of the City of Pine Springs, and

That; The permit be conditioned upon the restoration or replacement of the street to its original or satisfactory condition, and

That; Any or all of the deposit may be used by the City of Pine Springs to complete unfinished work or repair street damage.
